

Subject	GYNECOLOGY AND OBSTETRICS											
Course of study	Three-year studies for degree in physiotherapy											
Code	SF-328											
Year of study	Third											
Semester	Sixth											
Total hours	15											
Credits	1											
Type of subject	Mandatory											
Prerequisites	Fulfilled conditions for enrollment in third year											
Held by	Gynecology and Obstetrics Department											
Supervisory professor	Prof. Dr. Slavejko Sapunov											
Address	Klinika za ginekologija i akuserstvo, Vodnjanska br. 17, 1000 Skopje, Tel. +389 2 147 694											
Key words	Physiotherapy studies, core subjects, gynecology, obstetrics											
Learning goals	<input type="checkbox"/> The student gains basic knowledge of gynecology and obstetrics											
Summary	Theory classes (15 hours): <input type="checkbox"/> -Physical and physiological changes in pregnancy and puerperium <input type="checkbox"/> -Delivery and puerperium <input type="checkbox"/> -Irregular delivery and pathological puerperium <input type="checkbox"/> -Benign and malignant diseases of genital organs <input type="checkbox"/> -Stress incontinence											
Organization	Theory classes: 15 hours											
Learning methods	Interactive classes											
Anticipated learning results	Knowledge and understanding: The student will gain knowledge and understanding of the most frequent health problems in the area of gynecology and obstetrics. Key skills: The student will be able to apply in practice the theoretical knowledge gained. The student must attend actively all planned activities, including participation in continuous testing of knowledge in order to be given written confirmation for this.											
Specific recommendations for classes	<p>Credits for student activities:</p> <table><tr><th>Type of activity</th><th>Credits</th></tr><tr><td>Theory classes *</td><td>20-40</td></tr><tr><td>Continuous testing</td><td>40-60</td></tr><tr><td>Total:</td><td>60-100</td></tr><tr><td></td><td></td></tr></table> <p>* Attendance in theory classes: 51% - 60% - 20 credits; 61% - 70% - 25 credits; 71% - 80% - 30 credits; 81% - 90% - 35 credits; 91% -100% - 40 credits.</p>		Type of activity	Credits	Theory classes *	20-40	Continuous testing	40-60	Total:	60-100		
Type of activity	Credits											
Theory classes *	20-40											
Continuous testing	40-60											
Total:	60-100											

	<p>Conditional criteria: The student needs to attend theory classes regularly in order to be able to take continuous tests. These are written tests. The grade for the overall examination is derived according to the table of grades, based on the sum of credits gained from all of the activities, including continuous tests. The student must have accumulated minimum credits from the continuous tests (60%) or otherwise must take the complete final examination.</p> <p>Complete final examination: This is a written test. It consists of the continuous tests at which the student did not gain minimum points.</p>
Learning materials	<p>Essential: <input type="radio"/> CHOBYH: <input type="checkbox"/> Authorized lectures from the Department.</p>
